AKSHARA ACTA

**Milestones & Memories
The Class XII
Celebration Chronicle**

THIS newsletter proudly highlights the remarkable achievements of our students and faculty. It celebrates outstanding placement records, academic excellence, and the dedication that led to these successes.

From students securing prestigious colleges and placements to topping academic charts, their hard work shines through every page. Notable accolades are extended to our committed teachers, whose guidance and passion have been instrumental in shaping these milestones. Featuring inspiring success stories, distinguished awards, and departmental accomplishments, this edition is a testament to our vibrant academic community's pursuit of excellence. We applaud every member of the Akshara family- the Management, the Principal, the Vice Principal, the faculty, the parents, and the students who contributed to making this a truly exceptional year of progress.

MY BROTHER - INSPIRATION BEHIND MY SUCCESS

My brother, Anmol Rathore, who secured the 45th rank in the prestigious All India Chartered Accountancy examination, has always been my beacon of motivation. His achievements illuminated my path and instilled in me the confidence to push past limits I once perceived as insurmountable. Yet, whenever I faced moments of doubt, my brother's reassuring words and insightful guidance rejuvenated my spirit, reminding me of the dreams we both envisioned.

Balancing intensive study sessions, understanding complex concepts, and maintaining consistency required persistent effort and determination. I don't believe in last-minute preparations.

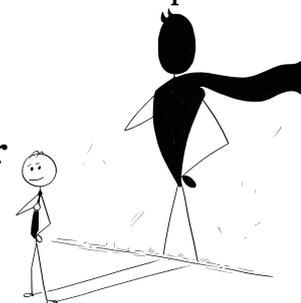

As I reflect upon my journey as the stream of Commerce topper in the recent board examinations.

I feel a profound sense of gratitude and fulfilment. Achieving this milestone was not merely an academic goal but a personal promise to myself—to follow in the footsteps of my greatest inspiration, my elder brother.

Every day after school, I would study for 3 to 4 hours until November, and in later months, I studied for 7 to 8 hours daily. The faculty supported me at every juncture, but I believe that self-study makes all the difference.

As I celebrate today, I recognise that behind every top rank is an unsung hero, a guiding star—mine being my brother. His journey inspired mine, making this victory not just a personal accomplishment but a shared triumph.

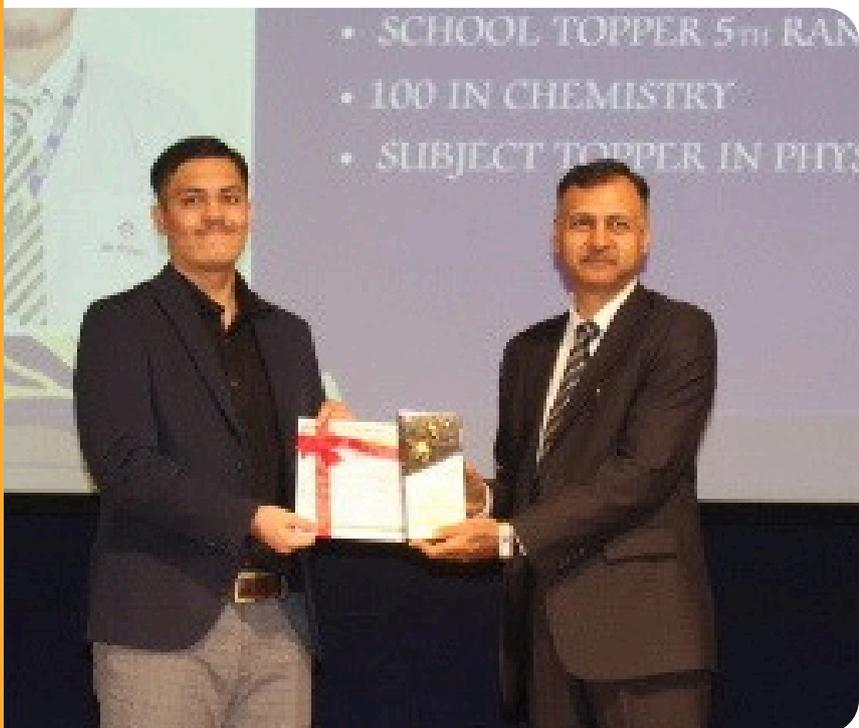

**Kartik Rathore,
Commerce stream topper**

"FOCUS, RESILIENCE, AND A PLAN: THE FORMULA BEHIND MY NEET SUCCESS"

Securing an All India Rank (AIR) of 1353 in NEET 2025 with a 99.94 percentile, alongside becoming the Class XII Science topper at Akshara International School with 96.6%, has been a journey marked by focus, resilience, and meticulous planning. These three elements were the backbone of my preparation and success.

Staying focused in a world full of distractions was not easy, but I made it a priority to keep my goal in sight. Each day was structured with a clear plan, balancing school studies with rigorous NEET preparation. I faced setbacks like every student does, but it was resilience that helped me push through tough times without losing confidence.

My school, Akshara International, played a pivotal role by providing the right academic environment and guidance.

But above all, I owe my deepest gratitude to my family—especially my mother—whose unwavering support, sacrifices, and encouragement became my anchor throughout this journey.

This achievement is not just about ranks and percentages; it's a testament to what consistent effort, mental strength, and a solid plan can achieve. For every aspiring student: believe in yourself, trust the process, and never stop showing up—especially when it's hard.

Ashutosh Jha,
Science stream topper

LISTEN TO YOUR HEART - MY SUCCESS MANTRA

SAMPREETI MALLIK

HEART defined my journey —hard work, enthusiasm, analysis, routine, and guidance from my teachers.

By staying true to these principles, I not only excelled academically but also found genuine joy and satisfaction in learning, which paved the way to the top.

As a proud topper in Humanities at Akshara, I often reflect on what drove my success. I discovered a five-point formula, encapsulated in the acronym.

HEART:

H - Hard Work: Success requires consistent effort, diligent study sessions, and rigorous practice. Each chapter was an opportunity to learn deeply, leaving no concept unexplored.

E - Enthusiasm: My passion for the humanities kept me motivated. Genuine excitement about my subjects transformed study sessions into enjoyable experiences, fueling my desire to excel.

A - Analysis: Critical thinking and analysis formed the core of my study approach.

Understanding concepts rather than merely memorising them enhanced my knowledge and confidence.

R - Routine: Maintaining a structured daily routine enabled efficient time management. Balancing deadlines, exams, and relaxation ensured steady academic progress without burnout.

T - Teachers' Guidance: The invaluable mentorship and unwavering support of my teachers helped clarify doubts and encouraged deeper exploration into topics.

SPARKS TO CONSTELLATIONS FROM THE PRINCIPAL'S PEN ...

Dear Akshara Family,

Success is never born in a day. Like a lotus, it blossoms slowly, nourished by unseen waters. The achievements of our Class XII students are not just marks on paper but the fruit of patience, perseverance, and collective dedication. Congratulations to each one of you!

This success is the harmony of many hands and hearts—our Management, whose steady guidance provides direction; our Vice Principal, Mrs. Sowjanya Yepuri, and senior secondary teachers, whose tireless efforts and mentoring have shaped both results and placements. Together, they have created an environment where excellence is nurtured and dreams take flight.

To the proud parents—your faith and sacrifices have been a lighthouse, guiding your children towards success.

And to our shining Aksharites—remember, success is not a destination but a milestone. As you step beyond Akshara, carry this truth with you: the world is not changed by loud voices, but by gentle kindness.

As one Akshara family, may we continue to turn sparks of effort into constellations of success.

Let us celebrate AKSHARA ACTA—a vibrant showcase of the achievements of our Aksharites!

With gratitude and pride,

Ms. Mrudula Mahajan

Principal

STEPS TOWARD MY DREAM

By Chakshu Shah

Looking back at my school journey, I never imagined how much I would grow—not just academically, but also as a person. Like most students, I had moments of confusion, pressure, and self-doubt. But what helped me was staying consistent, asking questions, and learning to take one step at a time. I have always been interested in places, structures, and the feelings they evoked in people since I was a young child.

This curiosity eventually developed into a dream: to become an architect. The road wasn't always clear but by being consistent, staying true to my passion, and the steadfast support of my family, friends, and teachers helped me. In 2025, I appeared for the NATA (National Aptitude Test in Architecture) and JEE Main Paper 2 (B.Arch) exams.

I scored **164/200 in NATA and 90.1 percentile in JEE Paper 2**. I also secured **ranked AIR 1 in MHTCET Architecture**. These scores opened doors to top architecture colleges in India, and I was thrilled to receive admission offers from institutes I had long aspired to join.

As I now prepare to step into the world of architecture, I carry with me not just knowledge, but the values my school has instilled—curiosity, resilience, and integrity. I know challenges will continue to come, but I feel ready to take them on, brick by brick, idea by idea. Thank you to my school, my mentors, and my classmates for being a part of my story. **This is just the beginning.**

WHERE PAST MEETS FUTURE

“OUR SCHOOL, OUR PRIDE, OUR STORY”

What incredible two years at Akshara International School! One of the best aspects of Akshara is its dedicated and supportive teachers. They have guided me patiently through every challenge and encouraged me to push my limits. Whether it was clearing doubts, motivating us during exams, or supporting us in extracurricular activities, the teachers have always been approachable and understanding. Their constant guidance helped me build confidence and develop essential life skills, in addition to my academic skills. I love my teachers and my school! I carry with me the fondest memories of Akshara forever!

Jahnavi Rana,
Electronics and Communication
Engineering, Manipal

At Akshara International School, I truly learned the value of teamwork. Whether it was working on group projects, organising events, or participating in inter-house competitions, every experience taught me how to collaborate, listen, and contribute equally.

I enjoyed planning activities with my classmates, where each of us brought something unique to the table. Our teachers consistently encouraged open communication and mutual respect, which helped us grow not only as individuals but also as a team. These lessons will stay with me forever. Long live Akshara!

Amit Kale
Mechatronics Engineering, Symbiosis
Skills and Professional University

My fondest memories at Akshara include performing in The Athenaeum—as an anchor, actor, and even as Narad Muni. Another proud milestone was leading the Young Economists Club as President to host the 2024 event, which honed my leadership skills. I also cherish the moment when our request for a sports period was granted by our much-respected and loved Sowjanya Ma'am, reminding us that every student's voice truly matters. That is what makes Akshara special!

ROOTED IN VALUES, REACHING FOR THE SKIES

Vice Principal writes...

“Every child is a seed of potential—nurture it with care, and it will grow into a tree that touches the sky.”

As I reflect on the outstanding board results of our Class XII students, my heart overflows with pride. These young learners, once tiny saplings, have blossomed into strong, confident individuals—shaped by effort, resilience, and spirit. Their growth has been a joy to witness.

As a teacher, I saw minds spark with curiosity in the chemistry lab; as Vice Principal, I watched discipline, empathy, and perseverance take root within them. With the dedication of teachers and the cooperation of parents, Aksharites have once again made us proud—shining in CBSE exams and placements alike. My heartiest congratulations to our diligent students, devoted teachers, and ever-supportive parents!

Through the pages of Akshara Acta, I also wish to express my deep gratitude to our Management and to our respected Principal, Ms. Mrudula Mahajan. Like the sun that warms and the soil that sustains, their guidance has created an environment where young dreams take root, spread their branches, and soar towards the sky.

This newsletter is a tribute to dreams nurtured and goals achieved. Turn each page to celebrate the triumphs, talents, and spirit of Aksharites who continue to rise and inspire.

Happy Reading!

SUBJECT TOPPERS

“IN EVERY CHILD’S TRIUMPH, BEATS A TEACHER’S HEART.”

The academic success of students is nurtured through patience, perseverance, and purposeful mentoring of teachers. We extend our heartfelt applause to our teachers for making these milestones possible. Their dedication inspires learners to aim higher and dream bigger, and every milestone is a reflection of the countless unseen hours given with love. To those whose students touched perfection with full scores, your quiet brilliance lights the way. Yet every effort, big or small, has sown seeds of confidence—together shaping the true spirit of Akshara.

IN THE WAKE OF HIS WORDS

Through the columns of Akshara Acta, we—both students and teachers—salute our Director Sir, whose presence is a compass in uncertainty. A visionary and a listener at heart, his anecdotal speeches are life lessons in themselves, gently guiding us toward purpose, clarity, and a future shaped by wisdom and courage.
